

# MATRIX

## AUTOMATIC SELF-SERVICE SLUSH MACHINE

SMART. INDEPENDENT. PROFITABLE.

Elmeco Matrix allows anyone to choose frozen drinks and slushies completely independently.

While your customers select preferred flavor and glass size, you will maintain total control—remotely—of the machine's dispensing functions, diagnosing any technical issues through notifications and allowing you to schedule regular maintenance.

You will also promote your brand and offers within your store with the touchscreen monitor and rear and side panels.
